

**Harold's Cross
ETSS**

Many Feet Make Many Marathons is returning to Harold's Cross Educate Together Secondary School!

Last year, we fundraised for Jigsaw, a youth mental health charity, as a lot of families were affected during the pandemic.

This year we wish to fundraise for Daffodil day!

Daffodil day supports people who are affected by cancer. In recent years, due to the pandemic, Daffodil Day has been greatly affected. We want to help this year's Daffodil Day blossom this Spring, now that we are out of lockdown! Daffodil Day aims to give hope and raise vital funds so that one day cancer can take no more. By supporting us with this fundraiser, and for this Daffodil Day, you are making a real, practical difference to thousands of cancer patients and their families in Ireland. By keeping vital services available and supporting people along the way, your help really does mean the world to thousands of people living with a cancer diagnosis during these difficult times!

So, what are we doing? We are attempting to create as many marathons as possible with our students, staff and families!

The goal is for everyone to walk or run a distance of their choice and document the distance, to accumulate as many marathons as possible! We are encouraging all families to get involved! Instead of a student walking/running 5 kilometres, we want them to get out with their family or friends and make that distance even bigger. Rather than one person walking 5km, why not get 4 people involved and create a 20 kilometres total!

We are completing this effort on the weekend of the 11th March, and we will accumulate all the distances when we return to school on Monday 14th March!

We would greatly appreciate any donations, however big or small!
